MEMORANDUM

TO: Transportation Improvement Committee (TIC)
FROM: Ethan C. Abeles, Transportation Planner

DATE: December 1, 2010

FOR AGENDA: January 27, 2010

SUBJECT: STIP/TIP amendments for new Statewide Projects 171-327, 174-328, 174-334, and 170-2987 and Burlington Project 174-351.

The descriptions of these proposed STIP/TIP amendments are as follows:

- Project 171-327: Traffic signal installation and revision at various locations in District 1. This project consists of a construction phase slated for 2011. It will be funded 80 percent Federal and 20 percent State.
- Project 174-328: Traffic signal installations at various locations in District 4. This project consists of a construction phase slated for 2011. It will be funded 80 percent Federal and 20 percent State.
- Project 174-334: Traffic signal maintenance upgrades at various locations in District 4. This project consists of a construction phase slated for 2011. It will be funded 80 percent Federal and 20 percent State.
- Project 170-2987: Rapid response bridge repairs by state forces. This project was developed in coordination with FHWA and will be used to address bridge deficiencies of an urgent/critical nature that if left uncorrected will pose a hazard to either the public or compromise the structural integrity of the bridge. This project consists of a construction phase slated for 2011. It will be funded 80 percent Federal and 20 percent State.
- Project 174-351: This project for the repair or rehabilitation of Culvert No. 06667 Route 69 over unnamed brook in Burlington and two other culverts in Branby and Thomaston.

The culverts are in serious condition and must be rehabilitated as soon as possible to prevent open cutting the highway.

The importance of projects that address transportation system preservation and safety has been emphasized by CCRPA.

On that basis, it is my RECOMMENDATION

That your Committee

Recommend that the Agency Board approve this ConnDOT proposed STIP/TIP amendment

MEMORANDUM

TO: ADA Transportation Advisory Committee
FROM: Carl J. Stephani, Executive Director
DATE: January 21, 2011

FOR AGENDA: January 27, 2011

SUBJECT: Americans with Disability Act (ADA) Transportation Advisory Committee Bylaws Amendment

When your Committee was originally established several years ago it served only in an advisory capacity. At your last meeting on December 10, 2010, however, your Committee accepted responsibility to serve as the Agency's Paratransit Service Appeal Review Board, pursuant to Federal Transit Administration Regulation Section 37.125(g), "Administrative Appeal Process." Now that you have that responsibility, the significance of your actions to the Agency has increased because of the potential liability involved in any decision on appeal that you may make.

In the late 1990s and early 2000s your Committee meetings were quite informal and you did not have organizational Bylaws. On April 29, 2003, our staff prepared some informal bylaws for you, which you approved, and which gave some identifiable structure to the Committee's operations. Those Bylaws were never adopted by the Agency Board and didn't seem to need to be as long as all the Committee's actions were advisory. Now, however, that you have taken on a more formal, official, and decision-making role for the Agency, your Bylaws need to be amended to reflect that new status, and they need to be sanctioned by the Agency Governing Board.

To move the process of revising the Bylaws forward, the Agency's Transit Programs Manager and I have drafted the attached document which shows the April 29, 2003, Committee Bylaws with proposed changes marked on them - the underlined words are proposed additions, the ~~strikeout~~ words are proposed deletions.

The existing Bylaws describe a two-step process for their amendment: First the proposed revisions are reviewed, discussed and/or revised at one meeting. Then they are voted upon at a subsequent meeting. To follow that procedure the attached draft Bylaws are being provided to you for your January 27, 2011, Committee meeting at which time you can review/discuss/revise them, and put them on the agenda for your April 28, 2011, meeting for approval to be recommended to the Agency Board for adoption.

On that basis, it is my

RECOMMENDATION

that your Committee

Review the attached draft Bylaws revisions, make appropriate changes to them, and schedule them to be approved as a recommendation to the Agency Board at your next meeting.
