I. PREFACE - INTRODUCTION AND CONTRACT DISCLAIMER. This Handbook is intended to serve as a practical guide to Central Connecticut Regional Planning Agency's ("the Agency") current personnel policies and to serve as your personal reference in answering questions that you may have about your job. These policies are intended to cover the most common situations. Additionally, the policies and procedures in this Handbook are guidelines only and are not to be construed as an expressed or implied contract of employment, a promise of employment for any specified time, or a guarantee of benefits or working conditions between any employee and the Agency. Moreover, in order to adapt to its changing needs and to respond to specific situations as they may arise, these policies may change from time to time. The Agency's actions, from time to time, may also vary from the attached policies and procedures, or any subsequent policies and procedures that may be implemented. The Agency's supervisors and employees shall use their respective best judgment in responding to situations not specifically covered. As illustrated in this Handbook, the Agency expects that you will conform to certain rules and requirements consistent with maintaining a professional working environment. In addition, employment with the Agency is at-will, which means that either you or the Agency may terminate the employment relationship at any time, with or without notice or cause. and nothing in these policies should be construed as establishing a contractual relationship between the employees and the Agency. Finally, this Handbook replaces (supersedes) any or all other previous Agency employee manuals and/or personnel policies or practices, whether written or oral, which are contrary to the policies contained herein.

It is the intent of the Agency to maintain a safe and healthy work environment for all its employees and to operate an efficient workplace and protect Agency property, equipment, operations, and its reputation.

It is a standard of conduct for employees of the Agency not to use illegal drugs and not to abuse alcohol or legal drugs. No employees may use, sell, manufacture, receive, distribute, dispense, possess alcohol or any illegal drug or drug paraphernalia or equipment, or abuse prescription or over the counter drugs, while on Agency property, while performing work for the Agency, while operating vehicles on Agency business, or while off-premises where such behavior compromises the Agency's business interests or undermines the public confidence in or harms the reputation of the Agency, or adversely affects the employee's job performance, job safety and/or ability to fulfill Agency responsibilities.

Being under the influence of alcohol or an illegal drug, or abuse of any prescribed or over the counter drugs on Agency premises or while conducting Agency business or during working hours is absolutely prohibited and may result in discipline, up to and including termination of employment.

~~This policy applies to all employees of the Agency while on the job and in situations where an employee's off the job or off the premises conduct impairs work performance or undermines the public confidence in the Agency's reputation. It is also intended to apply and to employees of firms others~~ doing business with the Agency on the Agency's premises.

2. Guidelines Pre-Employment Testing - All prospective employees must have a pre-employment drug screen prior to employment. Prospective employees who refuse to be tested, or who test positive, will not be considered for employment. Urine samples will be required and such samples will be split for potential additional analyses. At least the "DOT 10" screening for common street drugs will be done. The Agency may also request the use of a "10 panel test" by the laboratory (i.e., chromatography/mass spectrometry analysis) specifically to identify substances provided by prescription versus "street" drugs. An applicant may be denied employment on the basis of a positive drug test, which has been confirmed by an independent laboratory test. The applicant will be provided a copy of the positive test result. If

~~these are found to be positive regarding substances other than prescriptions, the prospective employee has the right to review the laboratory findings with a medical doctor and/or pharmacist. The prospective employee may challenge the tests, and the Agency may choose to utilize a second unannounced pre-employment test.~~

The employee will be asked to sign a "consent to testing form". Arrangements will be made by the supervisor(s) to have the employee transported to the facility for the evaluation.

~~e.d.~~ If the employee refuses to go to an Agency-approved facility or refuses to sign the consent to testing form, this behavior will be treated as insubordination. The employee will be suspended ~~for up to 3 days~~ without pay as lawfully permitted, pending further investigation. ~~The employee's return to work will be contingent upon passing an alcohol and drug screening test and achieving a favorable EA. evaluation. Management will arrange transportation to the employee's home, preferably through a family member.~~

~~d.e.~~ Short of physical restraint, the employee should not be allowed to leave the Agency office without transportation assistance. If the employee insists on leaving the office with the intent of driving a vehicle, the supervisor should notify the local police to warn them of the employee's suspected condition and refusal of assistance. This should be done before the employee leaves the Agency, whenever possible.

This procedure should be utilized for each day of absence or tardiness, unless otherwise directed. When there is no notification, the absence or lateness will be considered unexcused. Personal issues requiring time away from your work, such as doctors' appointments or other matters, should be scheduled during your non-working hours if possible. Web access or internet use through the Agency's electronic communications systems should not be for purposes of personal gain, solicitation of non-Agency business or advancement of individual views. Nor should use of the Internet disrupt the operation of the Agency's electronic communications systems or the networks of other users. In addition, theft of software is a crime, and is punishable by law. Users are not permitted to copy, transfer, rename, add or delete information on programs belonging or licensed to others unless given express permission to do so. No employee may use the Agency's electronic communications systems in ways that are inconsistent with licenses or copyrights, or to download or distribute pirated software or data. - Intrusions of another employee's privacy will not be tolerated. Employees are expressly prohibited from accessing information or files at another employee's workstation or vehicle or anywhere else in the workplace unless expressly permitted to do so by authorized management personnel. The tape recording of any conversation in the workplace is strictly prohibited without written authorization from the Executive Director or his/her designee, or with the consent of all parties to the conversation. The tape recording of any telephone conversation to or from the workplace is strictly prohibited absent the consent of the parties to the phone call obtained in accordance with applicable law. Employees are prohibited from taking photographs in the workplace without written authorization from the Executive Director or his/her designee, or unless the consent of any individual to be photographed is obtained in advance.

- The Agency reserves the right to review, access, and intercept all messages created, received, or sent over its electronic communications systems at any time, without advance notice, for such reasons as, without limitation: ensuring that the systems are being used solely to conduct the Agency's business; assisting in the evaluation of employee work performance; maintaining the system; preventing or investigating allegations of system abuse or misuse; assuring compliance with software copyright laws; complying with legal and regulatory requests for information; and ensuring that the Agency's operations continue appropriately. Q. Social Media Activities - "Social Media" are various forms of discussion-and information-sharing tools, including social networks, blogs, video sharing, podcasts, wikis, message boards and online forums. Technologies include picture and video sharing, wall postings, e-mail, instant messaging, and music sharing. Examples of Social Media applications include, but are not limited to, Google and

Yahoo Groups; Wikipedia; MySpace and Facebook; YouTube; Flickr; Twitter; LinkedIn; and news media comment sharing/blogging. This policy covers all Social Media tools, both current and future.

While employees may engage in any lawful activities through social media (including exercising any rights they may have to engage in protected concerted activity or political activities), any employee who chooses to use social media should be aware of the following Agency policies in this regard:

- i. Any conduct, which under the law or Agency policy is impermissible if expressed in any other form, is impermissible if expressed through social media.
- ii. Employees are held responsible for their own content expressed through social media and will be expected to communicate in a professional and lawful manner at all times.
- iii. The personal use of social media is not allowed during working time, regardless of the equipment used (e.g., either using personal or Agency phones or computers). Employees may further not use Agency equipment for personal reasons in accordance with applicable policies.
- iv. Employees who use social media shall not post any proprietary Agency data, documents or photographs or any information which would violate any privacy laws applicable to the Agency, regardless of whether the posting is done during working or non-working time. Any information that cannot be disclosed through a conversation, a memo or an e-mail also cannot be disclosed through social media.
- v. Unless authorized in writing by the Executive Director (such as when an employee's job is to send public messages on behalf of the Agency), employees do not have permission to speak on behalf of the Agency via social media.
- vi. While communicating through social media, if an employee posts any content that has something to do with the work they perform for the Agency or subjects associated with the business of the Agency, employees must make clear that they are speaking for themselves and not on behalf of the Agency by accompanying their posts with a disclaimer such as: "The postings on this site are my own and do not necessarily represent the Agency's positions or opinions."

When an employee's use of any social media violates the law or any Agency policies (including policies pertaining to employee misconduct or job performance), appropriate discipline up to and including termination of employment will be imposed, regardless of when the information was posted or sent and regardless of the tools or site used to post or send such information. Nothing in this policy (or any other Agency policy) will be implemented or should be interpreted in any manner so as to prohibit or inhibit employees from engaging in any lawful activities through social media, including exercising any rights they

may have to engage in protected concerted activity or political activities.

R. Cell Phones - While at work, employees must exercise discretion in using personal (and/or Agency issued) cell phones. A cell phone is defined to include any mobile phone, personal digital assistant, iPad or tablet, or other portable electronic communications device. Personal calls during work hours, regardless of the phone used, can interfere with employee productivity and can be distracting to others. Cell phones are permissible within the workplace, however all employees are required to use them and/or to make personal calls during breaks and meal periods and to ensure that friends and family members are aware of this policy. The Agency will not be liable for the loss of personal cell phones brought into the workplace.

When business needs demand immediate employee access, a business cell phone may be issued. The Agency reserves the right to monitor all business cell phone activity. Employees in possession of the Agency cell phones are expected to protect them from loss, damage or theft and to not use such them for personal reasons. Upon resignation or termination of employment, or at any time upon request, the employee must return the cell phone.

Employees whose job responsibilities include driving and who must use a cell phone for business use are expected to refrain from using their phone while driving. Safety must come before all other concerns. Regardless of the circumstances, including slow or stopped traffic, employees are required to pull off to the side of the road and safely stop the vehicle before placing or accepting a call. If acceptance of a call is unavoidable and pulling over is not a safe option, a hands-free device must be used. Do not take notes, text message or e-mail while driving. In situations where employees drive and accept phone calls, state law, as well as this policy, requires the use of "hands-free" equipment. Under no circumstances are employees allowed to place themselves at risk to fulfill business needs. Employees who are charged with traffic violations resulting from the use of their phone while driving will be solely responsible for all liabilities that result from such actions.

S. Workplace Violence - The Agency has a ZERO TOLERANCE policy against any form of intimidation, threats or violence in the workplace. Violations of this policy include but are not limited to: participating in, provoking or otherwise contributing to any threat or violent act in the workplace; abuse, assault, battery, oral or written threats, intimidation, and harassment; and possession of any firearm(s) or any other type of weapon on Agency property or work location(s). Any employee who makes a threat, whether express or implicit, exhibits threatening behavior, or engages in any violent act or other violation of this policy on Agency property or otherwise in the course of their employment with us, shall be removed from the premises as quickly as safety permits, and shall remain out of work pending the outcome of an investigation. Depending on the circumstances

involved, the Agency's response may include, but is not limited to, reassignment of job duties, discipline up to and including suspension and termination of employment, and/or criminal prosecution of the person(s) involved. All employees are responsible for notifying their supervisors and/or the Executive Director of any violation of this policy, including but not limited to, any threats they have witnessed, received, or have been told that another person witnessed or received. If there is an immediate risk of harm, contact the local police department. All reports will be investigated fully and promptly. The Agency's premises are restricted to individuals with a legitimate business purpose. Any employee who observes any individual (including current or former employees) loitering, or present on the premises without an apparent business need to be there or otherwise interfering with operations should contact their supervisors immediately to report the circumstance.

T. Confidentiality Obligations - Violating confidentiality as it pertains to the Agency's internal affairs or the affairs of those served by the Agency, either during the course of employment or thereafter, except as may be required in connection with job duties, is strictly prohibited. All Agency records must be kept secured and confidential and not discussed with or released to anyone inside or outside the Agency who does not have a business need to know such information. In addition, all Agency information pertaining to its employees, the Agency's fiscal and legal matters, should be treated as confidential to the extent permissible by law, and should not be discussed with or disclosed to anyone inside or outside the Agency who does not have a business need to know such information.
