

Public Transit at CCSU

Do you use public transit?

Would you like to?

Have you ever tried to ride and been frustrated?

Would you like to learn more about upcoming changes?

Would you like to give input on how to make transit work better?

Join us to learn about the existing transit service at CCSU, hear about upcoming changes (like CTfastrak), and discuss ways of improving the service!

When: February 13th 12:00—1:00 pm

Where: Bellin Room (Student Center)

This meeting will focus on improving public transit options around CCSU. Representatives from transit providers, the Central CT Regional Planning Agency, and others will be present to discuss challenges facing the transit system and ways over overcoming them. CCRPA is working with CCSU to study transportation options to and from campus. The goal is to provide the CCSU community with safe and convenient alternatives to driving.

Contact: Timothy Malone (860) 589-7820 ext. 154 or tim@ccrpa.org
